## **RISKS (Full Disclaimer)**

### **Risks Acknowledgement**

YOU HAVE CAREFULLY REVIEWED, ACKNOWLEDGED, UNDERSTOOD AND ASSUMED THE FOLLOWING RISKS, AS WELL AS ALL AND ANY OTHER RISKS ASSOCIATED WITH WEBSITE, FOUNDERS PROGRAM AND THE SERVICES (INCLUDING THOSE NOT MENTIONED AND DISCUSSED HEREIN), ALL OF WHICH COULD RENDER YOUR PARTICIPATION LOST, WORTHLESS OR OF LITTLE OR NO VALUE. YOU ACKNOWLEDGE AND ACCEPT THAT YOU MAY LOSE ANY AND ALL MONEY AND/OR OTHER ASSETS, INCLUDING VIRTUAL CURRENCY OR CRYPTOCURRENCY PAID FOR PARTICIPATION.

### **Uncertain Regulatory and Legal Framework**

Regulatory and legal status of non-fungible and other crypto-tokens, digital assets and blockchain technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether governmental authorities will regulate such technologies in future. It is likewise difficult to predict how or whether any governmental authority may make changes to existing laws, regulations and/or rules that will affect non-fungible and other crypto-tokens, digital assets, blockchain technology and their applications. Such changes could negatively impact your participation as non-fungible tokens in various ways. As a result, the Company’s programme, distribution, or its operations in a jurisdiction may be at risk of recognition as unlawful or commercially undesirable. You acknowledge, understand and accept the risk related to uncertain regulatory and legal framework.

### **Regulatory Measures**

Participation as non-fungible tokens are or may be overseen by governmental authorities. The Company may receive queries, notices, warnings, requests or rulings from governmental authorities from time to time, or may even be ordered to suspend or discontinue any action in connection with the programme or distribution. As a result, the development, marketing, promotion of the programme may be seriously affected, hindered or terminated. Participation in turn could be defined from time to time as virtual commodity, digital asset or even

securities or currency by governmental authorities in various jurisdictions and therefore could be prohibited from being traded or held pursuant to local regulatory requirements. As a result, you may lose all participation purchased hereunder, as well as any and all money and/or other funds, including virtual currency or cryptocurrency, paid for participation. You acknowledge, understand and accept the risk related to regulatory measures.

### **Ability to Transact or Resell**

Participation is distributed for use on the Website for the programme. You may be unable to sell or otherwise transact your participation at any time, or for the price you paid. By making payments and participating, you acknowledge, understand and agree that participation may have no value; there is no guarantee or representation of liquidity; and the Company's affiliates are not and shall not be responsible or liable for the market value, transferability and/or liquidity, and/or the availability of any market for participation through third parties or otherwise. You acknowledge, understand and accept the risk related to inability to transact or resell.

### **Exchange and Counterparty Risks**

If you make payments from an exchange or an account that you do not control, participation will be allocated to the account from which the payment was made; therefore, you may never receive or be able to recover the purchased participation. If you choose to maintain or hold participation through a cryptocurrency exchange or other third party, your participation may be stolen, lost, or not received. You acknowledge and agree that if you make payments and/or participate through an account that you do not control and/or hold participation on a cryptocurrency exchange or with another third party, you do so at your own and sole risk.

### **Token Security**

Participation may be subject to expropriation and/or theft. Hackers or other malicious groups or organisations may attempt to interfere with smart contracts or participation in a variety of ways, including malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. There is a risk that smart contracts may contain intentional or unintentional bugs or weaknesses which may negatively affect participation or result in partial or complete loss of your participation, loss of your ability to access or control your participation. In the event of such a software bug or weakness there may be no remedy so participation holders are not guaranteed any remedy, refund or compensation. You acknowledge, understand and accept the risk related to token security.

### **Private Keys**

Participation purchased by you may be held by you in your digital wallet or vault, which requires a private key, or a combination of private keys, for access. Loss of requisite private key(s) associated with your digital wallet or vault storing participation will result in loss of such participation. Any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet or vault service you use, may be able to misappropriate your participation. The Company is not responsible for any such losses. You acknowledge, understand and accept the risk related to the loss of private keys.
